***Benediction**

*Those who are able, please stand.

“All life has inestimable value even the weakest and most vulnerable, the sick, the old, the unborn and the poor, are masterpieces of God’s creation, made in His own image, destined to live forever, and deserving of the utmost reverence and respect.” “Every child who, rather than being born, is condemned unjustly to being aborted, bears the face of Jesus Christ, bears the face of the Lord, who even before He was born, and then just after birth, experienced the world’s rejection. And every elderly person ... even if he is ill or at the end of his days, bears the face of Christ. They cannot be discarded, as the ‘culture of waste’ suggests!” “All too often, as we know from experience, people do not choose life, they do not accept the ‘Gospel of Life’ but let themselves be led by ideologies and ways of thinking that block life, that do not respect life, because they are dictated by selfishness, self-interest, profit, power and pleasure, and not by love, by concern for the good of others. ... As a result, the living God is replaced by fleeting human idols which offer the intoxication of a flash of freedom, but in the end bring new forms of slavery and death.” *Pope Francis*
